Fabrics

1 yard solid background

Cut into three 8"x42" strips. Cut again into twenty-four 4"x8" pieces.

Contrast strips—prints or plaids. Choose one of the following:

- a. 24 different jelly roll strips 2 ½"x 42" **OR**
- b. 24 different 2 ½"x 42" strips **OR**
- c. Assorted scraps to cut strips.

If you are using jelly roll strips or other strips cut the following: Take 18 strips and from each strip cut one 8", 9 ½", 11", 12 ½" strip. From the other 6 strips cut 2 each 9 ½" and 11" strips. If you can't get all these strips from your 42" strips, use some other fabrics to cut more.

If you are using scraps cut the following from as many different fabrics as possible:

18 8x2 ½" strips, 30 9 1/2x2 1/2" strips, 30 11" strips and 18 12 ½" strips.

Put strips in baggies and label the lengths.
