fabric amounts for one background and different color in blocks
16 Fat quarters of different colors
5 yards of fabric

fabric amounts for different background and one color in blocks
2 ¼ yards of a dark fabric
3/8 yards of 16 background fabrics

binding 3/4 yards

Pre Class cutting (based on a FQ for the block)

from each FQ cut 4 pieces @ 4 ½ inches square
cut 4 pieces @ 3 ½ inches square
cut 12 pieces @ 2 ½ inch square
cut 12 pieces 1 ½ inches square

place all fabric from each fat quarter in ziplock bag. Should have 16 bags when done.

Background - cut 64 pieces @ 3 ½ inches square
cut 64 pieces @ 4 ½ inches square
cut 64 pieces @ 2 ½ X 3 ½ inches
cut 64 pieces @ 2 ½ X 7 ½ inches
cut 64 pieces @ 3 ½ x 6 ½ inches
cut 64 pieces @ 1 ½ X 2 ½ inches
cut 64 pieces @ 1 ½ X 1 ½ square
cut 256 pieces @ 2 ½ inch square

if you want to make quilt with different background and one constant block color you need to divide the back ground amounts by 16 to get the amounts you need from each fabric.
To get amount for one constant you will need to multiply the FQ numbers by 16
